

The aforementioned allegations of conflicts of interest of a district police commander and his refusal of his right of response is casting calumny on the corporate integrity of the police

Whereas when the need for his response to the public issues was raised at the district security council meeting on Monday the 17th day of May 2021, he promised to call on the Regional Police PRO to accompany him to the studios to respond in the public interest. Thereafter other important allegations are being levelled against him but he is adamant to respond, whereas all other district and municipal commanders of our catchment area have been responding to issues of public interest concerning the police and policing

We hope the Ghana Police Service under your able command will take steps to instruct DSP Thomas Yaw Agbanyo to respond to the aforementioned issues in the public domain in other to repose the confidence, dignity and honor of the police service.

Counting on your anticipated kind response in this regard

Yours faithfully

Emmanuel Ketaman Evortepe
